CORE COMPETENCIES

- Team Building & Project Management
- Problem Analysis & Conflict Resolution
- Project Scheduling & Implementation
- Test-driven Development
- Compliance & Process Improvement
- Project Initialization & Coordination
- Data Modeling & Evaluation
- Machine Learning Algorithms & Libraries
- Probability & Statistics

TECHNICAL SKILLS

- Swift
- SPM
- Git
- Rest API
- Firebase
- Jira
- RTDB
- MySQL
- HTML5
- CSS5
- JavaScript
- jQuery
- PHP
- Angular
- TensorFlow
- Bert
- Long Short-term Memory (LSTM)
- Natural Language Processing (NLP)

PROFESSIONAL PROFILE

Ambitious and results-oriented iOS Developer with six years of experience in software development and a recent focus on machine learning. Strong analytical skills and extensive full life cycle experience in the iOS environment. Competent and collaborative leader with proven project management skills in leading cross-functional teams to develop projects from conception to completion.

PROFESSIONAL EXPERIENCE

SENIOR IOS DEVELOPER
League /Toronto, Canada, Remote / 11.2022 - 11.2023

- Participated in the Messaging Team, leading the implementation of Chat, utilizing MVVMC, Combine for reactive programming, and emphasizing TDD and unit testing to ensure optimal functionality and accessibility.
- Improved core design system, playing a key role in resolving critical bugs and issues, recognized as the backbone of these crucial fixes.
- Collaborated with multiple teams and iOS developers, contributing significantly to the company's SDK library by addressing bugs and enhancing features for various client applications.

IOS DEVELOPER
Untis GmbH/Vienna, Austria, Remote/ 02.2021 - 10.2022

- Improved codebase, implemented SwiftLint and migrated cocoapods to SPM libraries.
- Build the network persistance for offline mode functionalities.
- Created automation of iOS deployments using Bitrise.
- Constant collaboration with Product Owners to design and implement new features.

TEAM LEADER – IOS DEVELOPER
Smartup / Thessaloniki, Greece / 11.2016 - 01.2021

- Create applications using the latest Swift language and train employees that resulted in being promoted to Team Leader within a year.
- Develop app workflow using RESTful JSON APIs or Firebase to ensure accurate data from backend services and populating interfaces.
- Lead in using Cocoapods libraries to speed up the development process while also contributing to their Github communities.

EDUCATION

Digital Media
Artificial Intelligence (MSC)
Aristotle University of Thessaloniki

Informatics Engineering (BSC)
School of Sciences,
University of Western Macedonia
